The following action is in response to the amendment filed for application 10/776,454 on December 1, 2005.

Allowable Subject Matter

Claims 2-5 and 10 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the method for upshifting an automatically shifted parallel manual transmission as claimed, and particularly including controlling the disengagement of one clutch and the engagement of the other clutch such that during the step of upshifting, an engine runs at least part of the time at a speed that corresponds to a highest output level of the engine, and including the remaining controls and structures of claims 5 and 10, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
